INDEX, VOLUME 135

A

Abnormalities, spinal, encountered on X-ray examination of psychotics, 171
Ackerman, Eugene, 280
Acutely schizophrenic patients' proverb interpretation, 556
Administrants' bias in judgments of effects of psychopharmacological agents, 569
Adolescence, On, 268
Adult avoidance behavior, interactive effects of promazine and post-weanling stress on, 52
After-effect, figural, in schizophrenic patients, 338
Age, brain damage and organicity, 316
Agreement, tendency to, insight, authoritarianism and, 481
Alcoholism, LSD and transcendence, 429
Alcoholism, nialamide in treatment of, 222
Alzheimer's disease: Natural history and differential diagnosis, 489
Ambiguities in concepts and studies of brain damage and organicity, 311
American psychiatry, publication trends in (1844–1960): Treatment and authors' geographical distribution, 252
American Psychoanalytic Association, a study of patients of members, 155
Amine found in urine of schizophrenics, characteristics of, 550
Aminochromes, urinary, and mental illness, 365
Animal behavior, heredity, psychiatry and, 5
Anorexia Nervosa, 475
Antidepressive efficiency of grand mal and lidocaine-modified seizures, analysis of in ECT, 239
Approach to Community Mental Health, An, 374
Arousal responses, photically elicited, in EEGs of chronic regressive schizophrenics, 361
Arthur, Sonya, 419
Asthma, bronchial
  a psychodynamic predictive approach to, 440
  psychodynamic schematization of, 441
Athetosis, the pathophysiology of, 138
Attrition in sample, the problem of in controlled treatment trials, 332
Authoritarianism, insight and tendency to agree and, 481
Authors' geographical distribution, treatment and: Publication trends in American psychiatry (1844–1960), 252
Autosymbolic phenomenon, the, and the symbolic hypnotic dream, 210
Avoidance behavior, adult, interactive effects of promazine and post-weanling stress on, 52
Axelrad, Sidney, 275

B

Balestrieri, Antonio, 272
Barber, Theodore X., 206
Barrett, Beatrice H., 187
Basal ganglia chemosurgery in parkinsonism, human figure drawings before and after, 500
Bateson, Gregory, 185
Baxter, James C., 419
Becker, Ernest, 26
Becoming More Civilized: A Psychological Exploration, 183
Behavior
  adult avoidance, interactive effects of promazine and post-weanling stress on, 52
  differences in among dog breeds, 5
  genetics of, current trends in, 7
  hypnotic, toward a theory of: The hypnotically induced dream, 206
  in emotionally disturbed children, effects of chlorpromazine on, 147
  of animals, heredity, psychiatry and, 5
Bellak, Leopold, 82
Bennett, Ivan F., 59
Bennett, J. L., 544
Benton, A. L., 413
Bias of the drug administrant in judgments of effects of psychopharmacological agents, 569
Biggart, J. Henry, 374
Biochemistry
  amine found in schizophrenics' urine, characteristics of, 550
  aminochromes, urinary, and mental illness, 365
  serum protein profile, study of effects of chlorpromazine and meprobamate on, 126
Biological Psychiatry, Vol. II: Recent Advances, 274
Biologically Oriented Fields: Their Place in Psychology and in Biological Science, 372
Bion, W. R., 182
Biophysical Science, 280
Blos, Peter, 268
Brady, John Paul, 252
Brain
  athetosis, the pathophysiology of, 138
  basal ganglia chemosurgery in parkinsonism, human figure drawings before and after, 500
  cerebral disease patients, crossmodal retardation in reaction time of, 413
  evolution of psychosexual functions of, new findings, 289
  sarcoidosis of, panangiitis and periangiitis of as a manifestation of, 399

sensorimotor cortical stimulation, effect of on cuneate nuclear output in cat, 507
Brain damage and organicity, ambiguities in concepts and studies of, 311
Brain damage, what is? 312
Brain lesions, time and dynamics of, 314
Brain tumor patients, psychodiagnosis of, 513
Brokaw, J. R., 413
Bronchial asthma, a psychodynamic predictive approach to, 440
Brookshire, Kenneth H., 52
Bruner, Jerome S., 371
Burgess, Frances, 131
Buss, Arnold H., 180
Byrdy, Harold L., 265

C

Caffey, Eugene, Jr., 544
Caplan, Gerald, 374
Carson, Robert C., 556
Carver, Michael J., 126
Cattell, Raymond B., 370
Cerebral disease patients, crossmodal retardation in reaction time of, 413
Changes in Intelligence Quotient: Infancy to Maturity, 270
Characteristics of an amine found in the urine of schizophrenic patients, 550
Characteristics of patients in psychoanalysis, 155
Chemosurgery of basal ganglia in parkinsonism, human figure drawings before and after, 500
Children, emotionally disturbed
effects of chlorpromazine on behavior in, 147
psychophysiological effects of chlorpromazine, 233
Chlorpromazine
and meprobamate, long term study of effects of on serum protein profile, 126
effects of on behavior in emotionally disturbed children, 147
psychophysiological effects, 233
Chronic hospitalized mental patients, fixation of thought content in over 30 years, 455
Chronic involuntary movements induced by phenothiazines, 69
Chronic regressive schizophrenics, latency and duration of photically elicited arousal responses in EEGs 361
Chronically hospitalized patients, naturalistic observations on: Effects of strangers, 258
Chronicity in functional psychoses, relation of to prognosis, 460
Chronicity, measurement of: Preadmission duration of symptoms, 461
Clinical and laboratory findings simulating infectious-toxic states in mental hospital patients treated with tranquilizers before admission, 565
Cognitive function in Parkinson's disease, 196
Communication within families, studies on, 38
Community as Doctor, 574
Comparison of haloperidol and thiopropazate in newly admitted schizophrenics, 544
Comparison of imipramine, electroconvulsive therapy and placebo in the treatment of depressions, 131
Conditioning, free operant, reduction in rate of multiple tics by, 187
Conflict patterns in families of schizophrenics, 419
Constellation of depression, the: Its treatment with nortriptyline, II: Clinical evaluation, 59
Contemporary European Psychiatry, 82
Content of thought, fixation of (in relation to withdrawal versus non-withdrawal), in hospitalized mental patients over 30 years, 455
Contrasts in meaning-loss between schizophrenia and depression, 32
Controlled comparison of haloperidol with thiopropazate in newly admitted schizophrenics, 544
Controlled treatment trials, the problem of sample attrition in, 332
Cooper, Ruth, 581
Cortical reactivity, somatosensory, in personality disorders, 44
Cortical stimulation, effect on cuneate nuclear output measured in medial lemniscus in cat, 507
Cross-disciplinary appraisal of objects, games and meaning: Toward a comprehensive theory of depression, 26
Crossmodal retardation in reaction time, the, of patients with cerebral disease, 413
Cuneate nuclear output, effect of sensorimotor cortical stimulation on, measured in medial lemniscus in cat, 507
Current trends in behavior genetics, 7
Cutler, Robert, 346

D

Danger, psychiatric patient's reaction to (mental hospital fires), 159
Davis, Edward T., 455
Day residues and the posthypnotic dream, 214
Degree of fixation of thought content in relation to withdrawal versus non-withdrawal in hospitalized mental patients observed over 30 years, 455
Depression
a comprehensive theory of: Cross-disciplinary appraisal of objects, games and meaning, 26

and schizophrenia, contrasts between in meaning-loss, 32
as game-loss, 27
as loss of self-esteem, 26
as meaning-loss, 28
the constellation of: Its treatment with nortriptyline, II: Clinical evaluation, 59
Depressions, treatment of, comparison of imipramine, ECT and placebo in, 131
Deprivation, sensory (underwater), differences in male and female responses to, 302
Diagnosis, differential, and natural history of Alzheimer's disease, 489
Dickes, Robert, 387
Differences in behavior among dog breeds, 5
Differences in male and female responses to underwater sensory deprivation: An exploratory study, 302
Differential diagnosis and natural history of Alzheimer's disease, 489
Diller, Leonard, 500
Disorders in personality, somatosensory cortical reactivity in, 44
Distribution, geographical, of authors, treatment and: Publication trends in American psychiatry (1844–1960), 252
Disturbed children, effects of chlorpromazine on behavior in, 147
psychophysiological effects, 233
Dog breeds, differences in behavior among, 5
Doob, Leonard W., 183
Drawings of the human figure before and after chemosurgery of basal ganglia in parkinsonism, 500
Dream, hypnotically induced: Toward a theory of hypnotic behavior, 206
Dreams, interpretation of under hypnosis, 217
Dropout data, maximum utilization of, 335
Dropouts
effects of in controlled treatment trials, 332, 333
replacement of in controlled treatment trials, 334
using as criterion data, 336
Druckman, Ralph, 69
Drug administrants' bias in judgments of effects of psychopharmacological agents, 569
Duration and latency of photically elicited arousal responses in EEGs of patients with chronic regressive schizophrenia, 361

E

Earl, C. J. C., 88
ECT, imipramine and placebo, comparison of in treatment of depressions, 131
ECT, seizure characteristics and therapeutic efficiency in: Antidepressive efficiency of grand mal and lidocaine-modified seizures, 239
Editorial: The maturation of psychiatrists, or the time that changes take, 286
Editorial: The modern massacre of the innocents, 1
Editorial: The myth of Doctor Szasz, 381
EEG
interpretations, intra-rater reliability of, 77
photically elicited arousal responses of chronic regressive schizophrenics, 361
somatosensory cortical reactivity in personality disorders, 44
slowing, relation of to selected indices of intellective impairment, 162
Effect of sensorimotor cortical stimulation on cuneate nuclear output through medial lemniscus in cat, 507
Effects of chlorpromazine
on behavior in emotionally disturbed children, 147
psychophysiological effects, 233
Effects of strangers on chronically hospitalized patients, naturalistic observations, 258
Efficiency, therapeutic, seizure characteristics and, in ECT: Antidepressive efficiency of grand mal and lidocaine-modified seizures, 239
Ehrentheil, Otto F., 455
Emotionally disturbed children
effects of chlorpromazine on behavior in, 147
psychophysiological effects, 233
Empirical studies of the mental hospital, 40
Empirical studies on perceptual organization, 38
Epidemiology in mental health, prolegomena to, 99
Etiology of Idiopathic Epilepsy, The, 376
Evolution of psychosexual functions of the brain, new findings, 289
Experiences in Groups, 182
Experiment in Mindfulness, An, 278
Experimental re-examination of the Poetzl phenomenon, 387
Eysenck, H. J., 577

F

Families of schizophrenics, patterns of conflict in, 419
Family communication, studies on, 38
Family studies, relevance of to psychoanalytic theory, 105
Family Worlds: A Psychosocial Approach to Family Life, 473
Feedback theory, sickness in terms of, 99
Female and male responses to underwater sensory deprivation, differences in, 302
Figural after-effect in schizophrenic patients, the, 338
Figure drawings, human, before and after

chemosurgery of basal ganglia in parkinsonism, 500
Finney, Joseph C., 99
Fires, mental hospital: Psychiatric patient's reaction to danger, 159
Fixation of thought content (withdrawal versus non-withdrawal) in hospitalized mental patients observed over 30 years, 455
Fleischhacker, H. H., 565
Flood, Constance G., 419
Foxwell, Nancy H., 222
Free operant conditioning methods, reduction in rate of multiple tics by, 187
Freedman, Norbert, 346
Friedhoff, Arnold J., 550
Fuller, John L., 5
Functional psychoses, relation of chronicity in to prognosis, 460

G

Game-loss, depression as, 27
Games, objects and meaning, a cross-disciplinary appraisal of: Toward a comprehensive theory of depression, 26
Ganglia, basal, chemosurgery of in parkinsonism, human figure drawings before and after, 500
Garfield, Sol L., 147, 233
Geist, Harold, 376
Genetics of behavior, current trends in, 7
Genotypic and phenotypic approaches to behavior genetics, 8
Geographical distribution of authors, treatment and: Publication trends in American psychiatry (1844–1960), 252
Gottesfeld, Harry, 387
Grand mal and lidocaine-modified seizures, analysis of antidepressive efficiency of in ECT, 239
Grange, Kathleen M., 93
Green, R. L., Jr., 361
Gregory, Ian, 273
Grinker, Roy R., Sr., 380
Guntrip, Harry, 378

H

Haloperidol and thiopropazate, controlled comparison of in newly admitted schizophrenics, 544
Handbook of Abnormal Psychology (An Experimental Approach), 577
Handbook of Emotional Illness and Treatment, A, 474
Handle, Gerald, 473
Hanlon, Thomas E., 222
Harmsen, Aage, 399
Havighurst, Robert J., 581
Health, super-abundant, 103
Hedgepeth, Betty, 419
Hein, P. L., 361
Helper, M. M., 147, 233
Heredity, animal behavior and psychiatry, 5
Herron, E. Wayne, 87
Hershkowitz, Aaron, 258
Hes, Jozef P., 327
Hess, Robert D., 473
Hewson's ratios, validity of in neurological and mental hospital patients, 513
Historical Development of British Psychiatry, The: 18th and 19th Centuries, 468
Hollister, Leo E., 544
Holtzman, Wayne H., 87
Homosexuality, a pair of male monozygotic twins discordant for, 113
Honigfeld, Gilbert, 544
Hospital fires: Psychiatric patient's reaction to danger, 159
Hospitalization, psychiatric
conditions of, 354
implications of, 356
psychodynamics of, 354
Hospitalized mental patients, fixation of thought content in (in relation to withdrawal versus non-withdrawal) over 30 years, 455
Hospitalized patients, chronic, naturalistic observations on: Effects of strangers, 258
Huber, Jack T., 472
Human figure drawings before and after chemosurgery of basal ganglia in parkinsonism, 500
Humor of the kibbuts, 327
Hunt, J. Mc.V., 475
Hypnosis, interpretation of dreams under, 217
Hypnotic dream
and experimental controls, 207
Hypnotic dream
as reminiscence, 207
symbolic, 208
symbolic, and the autosymbolic phenomenon, 210
Hypnotically induced dream, the: Toward a theory of hypnotic behavior, 206

I

Identity and Anxiety: Survival of the Person in Mass Society, 277
Imipramine, ECT and placebo, comparison of in treatment of depressions, 131
Impairment, intellective, relation of EEG slowing to selected indices of, 162
Infectious-toxic states, clinical and laboratory findings simulating, in mental hospital pa-

tients treated with tranquilizers before admission, 565
Inkblot Perception and Personality, 87
Insight, authoritarianism and tendency to agree, 481
Intellective impairment, relation of EEG slowing to selected indices of, 162
Intelligence and Experience, 475
Interactive effects of promazine and post-weanling stress upon adult avoidance behavior, 52
Interpretation of dreams under hypnosis, 217
Interpretation of proverbs by acutely schizophrenic patients, 556
Interpretations, EEG, intra-rater reliability of, 77
Interview method, structured, for psychiatric research, 346
Introduction to the Principles of Electroencephalography, 90
Involuntary movements, chronic, induced by phenothiazines, 69

J

Jackson, Donald D., 36, 435
Jacobs, Hans, 278
Jenkins, C. David, 162
Jenkins, James J., 177
John, Audrey L., 584
Johnson, Samuel: Account of certain psychoanalytic concepts, 93
Judgments of effects of psychopharmacological agents, bias of drug administrants in, 569

K

Kantor, Robert E., 36
Kelm, Harold, 338
Kennedy, J. A., 413
Kibbuts humor, 327
Kimbell, Isham, Jr., 544
Klintworth, Gordon K., 113
Knapp, Peter H., 440
Koch, Sigmund, 372
Koestler, Arthur, 278
Kubie, Lawrence S., 1, 286
Kurland, Albert A., 222

L

Lancaster, J. B., 565
Lapkin, Benjamin, 10
Lasky, Julian, 332
Latency and duration of photically elicited arousal responses in EEG of patients with chronic regressive schizophrenia, 361
Leigh, Denis, 468
Leighton, R. S., 171
Lemniscus, medial, effect of sensorimotor cortical stimulation on cuneate nuclear output measured in, in cat, 507
Levine, Jacob, 327
Lidocaine-modified and grand mal seizures, analysis of antidepressive efficiency of in ECT, 239
Lidz, Theodore, 105
Lilienthal, Jesse, 581
Linn, Erwin L., 460
Little, Samuel C., 77
Littman, Richard A., 52
Loftus, Thomas A., 373
Long term study of chlorpromazine and meprobamate on serum protein profile, 126
Loss
of game, depression as, 27
of meaning, contrasts between in schizophrenia and depression, 32
of meaning, depression as, 28
of self-esteem, depression as, 26
Lotus and the Robot, The, 278
LSD, alcoholism and transcendence, 429
LSD experience, the nature of, 425
LSD and the new beginning, 435
LSD, transcendence and the new beginning, 425
Luria, A. R., 89

M

MacLean, Paul D., 289
Made-up dream, the, and the posthypnotic dream, 215
Mahrer, Alvin R., 354
Male monozygotic twins, a pair discordant for homosexuality, 113
Male and female responses to underwater sensory deprivation, differences in, 302
Marjerrison, Gordon, 346
Maturation of psychiatrists, the, 286
Maurer, Helen, 131
McGee, Thomas F., 569
McIlwain, Henry, 377
Meaning and Measurement of Neuroticism and Anxiety, The, 370
Meaning and Methods of Diagnosis in Clinical Psychiatry, 373
Meaning, games and objects, a cross-disciplinary appraisal of: Toward a comprehensive theory of depression, 26
Meaning-loss, contrasts in between schizophrenia and depression, 32
Meaning-loss, depression as, 28
Medial lemniscus, effect of sensorimotor cortical stimulation on cuneate nuclear output measured in, in cat, 507
Mental health epidemiology, prolegomena to, 99

Mental hospital, empirical studies of, 40
Mental hospital fires: Psychiatric patient's reaction to danger, 159
Mental hospital patients treated with tranquilizers before admission, clinical and laboratory findings simulating infectious-toxic states in, 565
Mental illness, urinary aminochromes and, 365
Mental patients, hospitalized, fixation of thought content in over 30 years, 455
Meprobamate and chlorpromazine, long term study of effects of on serum protein profile, 126
Method, structured, for interview in psychiatric research, 346
Mettler, Fred A., 138
Meyer, Fred, 544
Miller, Julian, 380
Models and methods: A psychodynamic predictive approach to bronchial asthma, 440
Modern massacre of the innocents, the, 1
Monozygotic twins, a male pair discordant for homosexuality, 113
More, Douglas, 581
Motivation toward psychiatric treatment, ordinal sibling position and, 265
Motivation and Emotion: A Survey of the Determinants of Human and Animal Activity, 178
Muensterberger, Warner, 275
Muffly, R., 147
Multiple tics, reduction in rate of by free operant conditioning methods, 187
Myth of Doctor Szasz, the, 381

N

Natural history and differential diagnosis of Alzheimer's disease, 489
Naturalistic observations on chronically hospitalized patients: I. The effects of strangers, 258
Nature of the LSD experience, the, 425
New findings relevant to the evolution of psychosexual functions of the brain, 289
Newly admitted schizophrenics, controlled comparison of haloperidol and thiopropazate in, 544
Nialamide in the treatment of alcoholism, 222
Nortriptyline treatment of depression, II: Clinical evaluation, 59
Nunn, Robert, 380
Nunnally, Jum C., 380

O

Objects, games and meaning, a cross-disciplinary appraisal of: Toward a comprehensive theory of depression, 26
Observations on somatosensory cortical reactivity in personality disorders, 44
On Adolescence, 268
On Knowing: Essays for the Left Hand, 371
On the pathophysiology of athetosis, 138
Operant conditioning, free, reduction in rate of multiple tics by, 187
Ordinal sibling position and motivation toward psychiatric treatment, 265
Organicity and brain damage, ambiguities in concepts and studies of, 311
Ottosson, Jan-Otto, 239
Overall, John E., 544

P

Pair of male monozygotic twins discordant for homosexuality, 113
Panangiitis and periangiitis as a manifestation of sarcoidosis of the brain, case report, 399
Parkel, Dorothy, 159
Parkinsonism, basal ganglia chemosurgery in, human figure drawings before and after, 500
Parkinson's disease, cognitive function in, 196
